ARTICLE 7

LEAVE POLICY

7.1 Accumulation of Sick Leave

1. Each full-time teacher will be granted 12 sick leave days per school year during the probationary period of employment. Following appointment to tenure, full-time teachers will be granted 15 sick leave days per year

2. Sick leave shall be accumulated at the rate of 1.2 days per month of service for probationary teachers and 1.5 days per month of service for tenured teachers. The maximum allowable accumulation is 200 days.

3. Teachers employed on a half time or greater basis, but less than full time, will earn and may use sick leave on a prorata basis. Substitutes and teachers employed less than half time do not qualify for sick leave.

4. Annual written notification of accumulated individual sick leave as of June 30 shall be given to all teachers by September 30. Teachers should confirm the accuracy of their annual sick leave reported to them.

5. In the event that a teacher has requested a sick leave day or personal leave day and school closed for the day, the teacher will not lose any accumulated time. In the event that a teacher has requested a sick leave day or personal leave day on a day that the opening of school is delayed or there is an early release from school, the teacher will lose the requested day. In the event that the opening of school is delayed or there is an early release from school due to weather, teachers will be released by their supervisor when students requiring supervision are no longer in the building.

7.2 Use of Sick Leave

Accumulated sick leave may be used as follows:

A. Personal sickness of the member.

B. Up to five (5) days sick leave may be used where the member's presence is required for dependent(s) as defined in 7.3 of this contract, who do not necessarily reside in the immediate household.

C. Sickness in the immediate household family. Included are spouse, parent/guardian, children or other members of the household residing in the home. This leave shall be used only in instances when the member's presence is required in the home or health care facility and is limited to fifteen days per year.

D. Personal business of the member. A maximum of three sick days may be used for matters of personal business. Such personal business is understood to be granted for matters of a personal, legal, business or religious matter which cannot reasonably be conducted except during school hours. Notification should be made in writing as far in advance as possible (with at least three days notice normally preferred when realistic). Such personal leave is not subject to approval except if it is requested prior to or following a holiday period (for the reason that personal leave should not normally be used to extend a vacation or recreation period). But in this latter situation a request must be submitted to the appropriate administrator and/or superintendent. The administrator/superintendent will exercise reasonable judgment in the approval or disapproval of such requests.

4. Funeral and bereavement - special. When funeral and/or bereavement leave is necessary in unusual circumstances, beyond that provided for in section 7.3, additional days may be taken for this purpose. However, administrative approval must be obtained, and the time taken will be deducted from accumulated sick leave.

7.3 Funeral and Bereavement Leave

Each full-time teacher will be granted leave for funeral attendance and bereavement as follows:

1. Up to five consecutive days for each case of the death of the spouse, child or parent/guardian of the employee.
2. Up to three consecutive days for each case of the death of the parent-in-law, brother/sister, grandparent or grandchild of the employee.
3. In all cases, such leave must be immediately associated with the death of the family member.

7.4 Jury Duty

1. Each teacher will be entitled to leave by reason of a summons for jury duty. A copy of this summons should be presented to the teacher's immediate supervisor upon receipt of such summons.
2. Teachers who are required to serve as jurors will continue to receive their salary.

7.5 Extended Leave of Absence

1. The Board may, upon request, grant any regular full-time teacher a leave of absence, without pay or benefits, for a period of up to one year. In very unusual circumstances, the Board will consider a two-year leave of absence.

2. Before such leave is granted, the teacher and the administration are to sign a written agreement indicating a reasonable date by which time the employee will return to work or will submit a letter of resignation. The reasonable date will be determined by the normal time of the year for finding a replacement for such position.

3. Any request for an extension of the period of leave should be submitted at least sixty days prior to the expiration of the leave. Unless there is a reasonable excuse for the delay, a request which is submitted less than sixty days prior to the expiration of the leave may be denied.

7.6 Sick Leave Pool

1. A sick leave pool shall be established to provide additional sick leave credits to teachers with two or more years of service who have exhausted sick leave days because of extended disability or long-term catastrophic illness. The pool shall consist of voluntary contributions from teachers made prior to September 15 of each year, of up to three days unused sick leave per teacher. Contributions to the pool shall be made in writing and signed by the teacher. The Association shall notify the Superintendent on or before September 15 of each year the total number of days contributed to the pool and shall deliver a signed authorization from each teacher contributing to the pool.

2. The sick leave pool shall be administered by a joint association/administration committee (Committee) consisting of four persons. Two members will be appointed by the Association (one with a two-year term of office and one with a three-year term of office for the first year; each year thereafter terms shall be two years) and two administrators to be appointed by the superintendent (one with a two-year term of office and one with a three-year term of office for the first year; each year thereafter terms shall be two years). The Superintendent and the Association shall notify each other of their appointments to the Committee prior to September 15 of each school year. The Committee shall submit a record of its deliberations and judgments for annual review to both the Association and the district by June 30 of each school year.

3. A teacher who has contributed to the pool may be granted days from the pool by submitting a request in writing, including supporting documents to establish the appropriateness of each request, to the Committee. In no event shall a member be granted more than thirty days per request. Upon exhausting such thirty days, and subject to the limitations of this section, a member may be granted additional days from the pool at the discretion of the Committee.

4. The action of the Committee in granting or failing to grant an application shall be in its sole and exclusive discretion and shall not be in any way reviewable.

5. Nothing in this section shall be construed as giving a vested or property right to any interest in the pool, and days once contributed may not be withdrawn by a contributor.

6. Sick Pool Usage In Final [Four Years] of Service

To be eligible for access to the Sick Leave Pool in his/her final four years of service, with no charge to accumulated sick leave, a teacher must:

- a. have accumulated 200 sick days by September 1 of the school year the employee wants to access this benefit.

Those eligible employees will be allowed access to the sick bank if they experience long term or catastrophic illness in their final four years of service. The intent is to allow long term district employees with outstanding attendance to carry the benefit of 200 sick days into retirement in order to offset health insurance costs.

ARTICLE 8

PROFESSIONAL IMPROVEMENT

8.1 Teachers attending professional conferences or making professional visitations to other schools to improve the educational program in the district will receive their regular salary when such attendance is on a normal workday and when prior administrative approval has been given. Such time shall not be charged against personal or sick leave.

8.2 **Committee Participation**

1. The Administration and the BTA agree that the professional staff is, and should continue to be, a major source of development and innovation in improving educational programs in our school. The parties further agree that it is important for the professional staff to participate in development and facilitation of policies, studies, projects and other activities directed toward the development of new programs and the evaluation, continuation and improvement of existing programs.

2. Accordingly, the Administration and the BTA agree that the professional staff should be encouraged to participate in district level and building level committees of their choosing.

3. Teachers will receive in-service credit, pursuant to Article 11.3 of the contract, for qualifying District Committees membership. District Committees currently include: Mentor Committee, Strategic Planning, Professional Development (PDC), Annual Professional Performance Review (APPR), and Technology.

4. Tenured teachers may choose to use building or district committee membership as one of their job targets.

5. Pursuant to Article 11.3, Teachers will not receive inservice credit for committee work when committees are held during the school day.

8.3 **Mentoring**

1. The BTA and the Administration recognize that fostering a supportive and collegial environment is necessary in attracting and retaining quality educators.

2. The parties further agree that experienced, tenured, faculty members are beneficial in assisting new teachers in the Berlin Central School District.

3. The District and the Association have agreed to establish a mentor/teacher program.

4. The program will be administered by a Mentor Committee comprised of at least four teachers and two administrators.

5. As part of the new professional teaching certification requirements, effective 2/2/04, first year teachers must experience a mentoring program.

6. The signatures of the Berlin Teachers Association President and the Superintendent are required for the implementation of the mentoring program, and when changes are made to the program.

7. The language developed and approved will be considered an extension of the contract and as such is subject to Article 16 of the contract.

ARTICLE 9

SABBATICAL LEAVE

9.1 A sabbatical leave may be awarded to the teacher who presents a program which the Board judges will be an improvement to the educational program of the district. A teacher who has permanent certification and who taught in the district for a period of five consecutive years will be eligible to apply for a sabbatical leave of one-half year with full half-year salary (if a satisfactory replacement can be found) or a sabbatical leave of one full year at one-half salary. Also, a teacher who has taught in the district for a period of ten consecutive years without having had a sabbatical leave during that period will be eligible to apply for a sabbatical leave of one full year at full salary.

9.2 Only one eligible teacher will be selected per year. A sabbatical leave will not be awarded during two consecutive years. In the event that several submitted programs are

considered equal in value, the leave will be awarded to the teacher with the greatest number of years of service. Half pay and full pay will be equal to the amount the teacher would receive if he/she were teaching.

9.3 Upon return to active service in the district, the teacher will be placed on the salary step on which he/she would have been had the sabbatical leave had not been taken, service credit being granted for the period during which the sabbatical leave was taken.

9.4 A statement to the effect that the teacher will return to teach in the district for a period not less than two years must accompany the application.

9.5 Applications must be filed with the Superintendent prior to November 30 of the year preceding the year of the leave, stating the educational program to be pursued and the anticipated benefits to be gained by the district. A sabbatical may be awarded if the proposal is consistent with current district goals and State standards. The request must offer significant enhancement to district programs. Proposals will be awarded on the basis of merit. All applications are subject to approval by the Board. A decision is to be rendered by the Board no later than January 31 of the year following the application.

ARTICLE 10

ASSOCIATION RIGHTS

10.1 Dues Deduction

1. The district agrees to deduct Association dues from the salaries of teachers who are members of the Association and who individually and voluntarily authorize the district to make such deductions. The district will transmit such monies to the treasurer of the Association, but beyond that assumes no obligation regarding any claims, actions, suits or proceedings.

2. Dues deductions will be made in equal installments for all teachers and will begin with the first pay period in October provided the necessary dues deduction authorization cards are on file and the Association has provided the district with a certified notice specifying the current rate of membership dues at least two weeks prior to that date. In the event the above timing is not complied with by the Association, dues deductions will begin with a later pay period provided the necessary documentation has been submitted on the two-week prior basis. Any adjustment necessary in the installments to correct for the proper total amount of yearly dues will be made in the last pay period of the school year.

3. It shall be the responsibility of the Association to collect any unpaid portion of the yearly dues resulting from late filing of individual dues deduction cards.

10.2 Benefit Trust

1. The district agrees to provide payroll deduction for the NYSUT Benefit Trust Fund to all members of this bargaining unit. The annual open enrollment period shall extend from September 15 – October 15.

10.3 **Association Leave**

A. Effective July 1, 1994, seven days of paid leave shall be made available to the Association each year to be used by teachers designated by the president of the Association to attend conventions or workshops of the American Federation of Teachers or New York State United Teachers. It is understood that three additional days can be taken for Association release, but the cost of said days taken beyond seven are to be shared (equal cost sharing) by the district and the Association.

B. Allotted time, equal to one high school period, will be made available to the president of the Association, on a daily basis, to conduct Association business.

10.4 **Association Representation**

An employee who is the likely subject of discipline shall not be required to provide a statement or information to the district unless the employee has the opportunity to have an association representative present during any meeting concerning the discipline or underlying incident. An employee shall receive a copy of any statement regarding any alleged incompetence or misconduct.

Nothing herein, however, shall prevent the district from making inquiry or to obtain information necessary for the conduct of its business or from conducting evaluations of employees.

The \$9,750 premium savings will be calculated using present premium rates and will take into consideration only those teacher declinations in excess of the 1996-97 base of 18 family and 3 individual declinations.

C. Such declination amounts will be increased to \$2,000 (dependent) and \$1,000 (individual) at such time as the increased teacher declination cost of \$19,500 for 18

D. Staff shall notify the district of their intent to accept the health insurance declination no later than May 15. Staff will be notified by June 1 of the number of participants and the declination amount, and shall have the option to withdraw such intent until June 15. If withdrawals lower the dollar amount of the declination payment, enrollees shall be notified and have seven calendar days to re-enroll in a district health insurance plan. Should this option to re-enroll not be exercised in a timely fashion, the teachers declination will be in effect for the next school year at the levels identified in the language of A., B., or C. above. If a member's insurance needs change during the school year, they may rescind the declination (receiving no payment) and acquire insurance upon notification to the district.

3. Grievance Submission to Arbitrator

The grievance submitted to the arbitrator shall state the precise facts and details of the grievance, shall specify the specific contractual term or provision of the agreement which has been allegedly violated and shall indicate the remedy sought. The grievance as submitted may not add to or modify the issues previously raised by the aggrieved party.

4. Limitations of Arbitrator's Award

The arbitrator shall have no power or authority to alter, amend or modify the provisions of this agreement in arriving at a decision of the issues presented, and such decision shall be confined solely to a determination of whether the claimed violation of the agreement has occurred.

The arbitrator shall confine him/herself to the precise issue submitted to arbitration and shall have no authority to determine any other issues not so submitted to him/her, nor shall he/she submit observations or declarations of opinion which are not essential in reaching his/her determination.

A settlement of an award upon a grievance may or may not be retroactive as the equities of each case demand, but in no event shall such a resolution be retroactive to a date earlier than the actual date the act or omission occurred.

The decision or award of the arbitrator shall be final and binding consistent with the provisions of this article and appropriate laws and statutes.

16.5 Time Limits

A grievance must be filed within 30 calendar days following the date on which the act or omission giving rise to the grievance occurred. Failure by the district to render a decision within the time limits provided on any step shall cause the grievance to move to the next successive step of the grievance procedure. Failure by the aggrieved person or Association to present the grievance at the various steps, or to appeal prior steps as prescribed, shall be considered a waiver of the grievance, and further proceedings under the agreement or elsewhere shall be barred.

SCOPE OF AGREEMENT

18.1 This agreement constitutes the entire agreement between the Superintendent and the Association and terminates all prior agreements and understandings.

18.2 The parties acknowledge that except as otherwise expressly provided herein, they have fully negotiated with respect to the terms and conditions of employment and have settled them for the term of this agreement in accordance with the provisions thereof.

PERSONNEL FILE POLICY

19.1 An official personnel file shall be maintained by the district. That file shall contain material accumulated at the time the teacher was hired, payroll records and material, positive and negative, concerning the teacher's performance. A copy of each document placed in the personnel file (other than routine payroll, attendance, certification and similar materials) shall be provided to the teacher prior to its insertion. The teacher may file a response to any document in the personnel file that the teacher believes to be adverse or critical of his/her performance. If such a response is submitted, it shall be stapled, or otherwise attached, to the document to which it responds.

19.2 The contents of the personnel file may be reviewed at any time during normal working hours upon reasonable notice to the Superintendent or his/her designee.

19.3 The signature of the teacher pursuant to this section shall acknowledge review or receipt of a document and shall not necessarily show evidence of agreement with its contents.

19.4 A document placed in the personnel file may be used only to establish that the teacher has been warned that particular conduct is viewed by the district as unacceptable or counseled as to the appropriate level of behavior.

19.5 After three years the teacher may request that a document concerning his/her performance be removed from the file.
